

# 1080™ Clean Face Gas Fireplace

fireplace**x**tordinair™

## Model 1080 CF

The Model 1080 Clean Face gas fireplace by Fireplace Xtordinaire is exceptional in design and in performance. With advantages not found anywhere else, it's as close to a traditional masonry style fireplace as you can get, but has the latest in modern fire technology. With much lower Btu's than our popular Revolution Clean Face fireplace, the 1080 CF is a perfect choice for those who enjoy the aesthetics and comfort provided by a large fire without the heat. Most other clean face fireplaces are inefficient with almost all the heat escaping up the chimney. The "Heater Rated" 1080 CF delivers the heat output you need in cold weather at the level you need - heating up to 1,000 sq. ft.

## Convenient Operation

Our Home Comfort™ Control System gives you thermostatic control at your fingertips from anywhere in the room. The hand-held remote and wireless modulating wall control programs all functions including on/off, room temperature and flame height adjustment. Both the remote and wall mounted controls come standard with the fireplace.

**Thermostatic  
Modulating  
Remote Control**  
Controls ON/OFF,  
High/Low Settings  
and Room  
Temperature.

**Wireless  
Modulating  
Wall Mounted  
Control**  
Controls ON/OFF and  
High/Low Settings

## Classic Looks

The 1080 CF combines a classic fireplace look with no grills or louvers, and the slim outside trim allows a huge view of the fire (1080 sq.in.). The 1080 CF also allows you the ability to personalize the look of your fireplace with beautiful decorative options including upgradable trim, reversible brick firebacks, high quality andirons and accent lights that allow you the ability to enjoy your fireplace, even when the fire is off.

## Your Green Choice In Clean Face Fireplaces

With a Steady State Efficiency of over 70% and the Electronic Gas Valve that allows you to run your fireplace in either "Intermittent Pilot Mode" or "Standing Pilot Mode," the 1080 fireplace makes the ideal choice for those looking for a Green Alternative Clean Face fireplaces.

## Advanced Performance

There's nothing traditional about the 1080's performance. You have the ultimate in variety and control with variable flame regulation and heat output. A large, detailed log set cast from real wood logs and a gorgeous flame simulate a traditional wood fire. The built-in flame control center is completely hidden so your only focus is on the fire.

## Extra Room Power Heat Duct Kit

Add heat to an additional room in your home with the optional Extra Room Power Heat Duct Kit. This venting option uses a remote fan to pull heat off the fireplace and deliver it to an adjoining room. You can direct this heat upstairs, downstairs or anywhere in your home within 20 feet of the fireplace.

## Personalize Your Fireplace With These Beautiful Options

Weathered Brick

Herringbone Brick

Diamond Mosaic Tile

### Ceramic Firebacks

While not required, the 1080 CF fireplace gives you the choice of Weathered Brick or Herringbone Brick firebacks. Or make your fireplace stand out in a crowd with the beautiful Diamond Mosaic Tile fireback.

### Andirons

Enhance the look of your 1080 CF fireplace even further with a choice of three optional cast andirons. Andirons feature finely cast detail and attach to the existing grate.

Colonial Andiron

Arabesque Andiron

Wrought Iron Andiron

### Accent Light

Add a warm glow to your fireplace even when it's turned off! The accent light adds a glowing backlight behind the flames when the fire is on, and enhances the pattern of the fireback when it's off.

### Firescreen

Finish your 1080 installation with a decorative firescreen. The Firescreen features detail legs and handle for a traditional fireplace look. Ideal if you have small children in your home.

### Optional Trim Kits

While the 1080 CF comes standard with black trim you have the ability to upgrade the look of your fireplace with a choice of decorative trim packages that easily attach to the glass frame of your fireplace.

Artisan™ Hand-Hammered

Hand-Rubbed Antique Bronze Trim

Hand-Rubbed Antique Nickel Trim

## Features:

- No grills for a traditional masonry fireplace look.
- Durable, tempered glass with safety screen. Screen is removable.
